

This is the manifesto of the ZioGlobalist Party

Shalom, Willkommen, Hello

We are pleased and excited to announce the launch of a new force in UK politics. What follows is a brief statement of our aims and policies. First why we are launching this innovative initiative.

Our party believes in complete political honesty (except when we get elected and can then not honour our campaign pledges).

We would like to point out that you have been governed for decades by a ZioGlobalist party which sometimes forms a government from the Tory wing and sometimes from the Labour wing, and, unfortunately sometimes in coalition with the Lib Dem Wing.

By forming the glorious ZioGlobalist party you, the highly intelligent - indeed the most intelligent of intelligences of ALL electorates in the world and dare i say, the Cosmos, can now vote directly for a party which espouses openly those policies that have been in the shadows for the last 70 years.

First and of utmost importance is the primacy of the state of Israel. Be assured. No matter what, we will ensure that the well-being of the Jewish State is held above the well being of UK citizens, and I am sure, as you do not want to be called names like anti-semite, you will support this plank of our platform/gallows. (Sorry - Hangman's humour)

It is necessary you really understand that by voting Zio-Globalist we will be able to release vast amounts of funds into the economy. How you ask?

Currently the 3 major political parties in the UK have association with the Friends of Israel, of course it's not all Tories, lib dems or labour that are members of this organisation.

Vote for us and Friends of Israel becomes redundant and all that money can be used for other projects furthering causes beneficial to the Jewish people. A people which has faced irrational persecution for over 2,000 years. Imagine being expelled from at least over 100 jurisdictions over 200 times. Why? I ask again Why?

I am certain there is no rational explanation for these expulsions other than that the host jurisdictions, which had allowed Jews to enter and live amongst them, suddenly became rabid anti-Semites. Rest Assured any statement which criticises any aspect of Jewish tribal behaviour/practices will face severe sanctions if you elect us.

Immigration is an important issue. All the other parties have been lying to you. ZioGlobalist shuns lying and openly endorses bringing into the UK as many immigrants from non-European origins as we can. We believe that this policy will cause social chaos and an eventual breakdown of British society, ultimately British society will be reborn as will the British people as more and more people will intermarry with non-Europeans.

In order to achieve this end, we will offer financial incentives for couples marrying cross race and having children. We will tax native British couples who have any children in order to finance this. The more children they have, the more tax they will pay. I am confident that, as you do not wish to be considered racist, you will support this plank of our programme.

We understand that many UK born people are homeless and living rough in poor conditions. We admit that the UK is in debt, through a just and righteous financial system which employs usury to ensnare nations. We must therefore cut spending on UK born homeless people, they will just have to crawl away and die in some obscure corner, and we will begin a new programme of public housing for non-European immigrants. We are confident that this policy is politically correct.

So to sum up so far -

Israel first and a complete restructuring of UK demographics. Regarding foreign policy - it's Israel, Israel and more Israel. This will mean we will have to use our intelligence services to subvert by covert means those nations considered by the Jewish State to be a threat whether militarily or economically. Our military will be

on hand to launch pre-traumatic strikes on enemies of Israel as yet unknown, but it is better to be safe than lose shekels. We will be willing to lie and say nasty things about our enemies, but will always claim the moral high ground. ZioGlobalists are not stupid.

Once the Jewish powers have gained worldwide supremacy the ZioGlobalist party will be dissolved and we will hand over power to the ZioGlobalists behind the ZioGlobalists.

addendum? what's that ? you mean there are even more layers of ZioGlobalists? Oy vey.
